

**Dr. ASHRAF MANSOUR SAAD ABO SEIDA**

**Ph.D.**

**Medical Analysis fellow**

Urology and Nephrology Center

Mansoura University, Mansoura, Egypt.

**PERSONAL DATA**

---

***Birth date:*** March 2, 1970

***Citizenship:*** Egyptian

***Marital status:*** married and having two kids

***National number:*** 2 70 03 02 1202631

***Blood group:*** A /Rh +ve

***Medical history:*** No history of serious infections or chronic diseases

***Contact:***

**Tel:** +02 050-6456294

**Mobile:** 01010081867

**Email:** ashrafseda358@yahoo.com

---

## **OFFICIAL DATA**

---

### **SPECIALIZATION:**

*General:* Chemistry

*Major:* Organic Chemistry

*Minor:* Organic Chemistry

*Fine:* Organic Chemistry

### **DEGREES:**

**Ph.D. Organic chemistry**

Faculty of Science, Suez Canal University, Egypt, 2010

**SYNTHESIS OF NEW MICROCAPSULES FROM AGAROSE GEL  
AND THEIR MEDICAL APPLICATIONS**

**M.Sc., Organic chemistry**

Faculty of Science, Mansoura University, Egypt, 2002

**STUDIES THE EFFECT OF CYCLOSPORIN A ON EXPERIMENTAL  
PANCREATIC ISLET CELL TRANSPLANTATION IN RATS**

**B.Sc.,**

Faculty of Science, Mansoura University, Egypt, 1992

### **EXPERIENCES**

---

\*Chemist in Urology and Nephrology Center, Mansoura University since November, 1993 until now in research and routine laboratories.

#### **Research Lab.**

##### **Tissue Culture**

Development of Tissue Culture assay, Isolation , purification and transplantation of pancreatic islet cells.

#### **Routin Lab.**

Microbiology, Biochemistry, and hematology laboratories.

## **Omar ElMokhtar University**

Worked as university lecturer at Omar ElMokhtar University in Libya in 2013/2014.

### **PUBLICATIONS:**

---

**SYNTHESIS OF NEW MICROCAPSULES FROM AGAROSE GEL AND THEIR MEDICAL APPLICATIONS.** Al-Azhar Bull Sci. Vol.19, No.1 (june.): pp.91-100,2008.

**EFFECT OF CYCLOSPORIN-A AS AN IMMUNOSUPPRESSIVE DRUG ON ISLET CELLS TRANSPLANTATION IN MICE.** Al-Azhar Bull Sci. Vol.19, No.2 (Dec.): pp. 109-118,2008.

**IMPACT OF PHARMCOLOGICAL AGENTS ON INSULIN SECRETION CELLS TRANSPLANTED IN DIABTIC RATS** Al-Azhar Bull Sci. (Dec.): pp. 109-118,2015

### **CONFERANCES**

---

**8- the Annual Conferances on the laboratory Medicine in 21<sup>st</sup> Century,** Cairo,- Egypt, February 1997.

**The 4<sup>th</sup> Egyptian- French Conference of Immunology and Molecular biology,** Mansoura- Egypt – August 29-30 / 1998.

### **REFEREES**

---

**1- Prof. Dr. Ali Seef El-Sayed Ibrahim**

Professor of Organic Chemistry,  
Faculty of Science, AL-Azahar University.

**2- Prof. Dr. Faten Mohaned Zhran**

Professor of Biochemistry,  
Faculty of Science, Zagazig University

**3- Prof. Dr. Mohamed Samy El Gharib**

Professor of Organic Chemistry,  
Faculty of Science, Port Said, Suez Canal University

**4- Dr. Mahmoud Gabr Mohamed**

Ass. Consultant, Urology and Nephrology Center, Mansoura University

## **ADDRESSE AND COMUNICATIONS**

---

### **RESIDENCE:**

**Aga AL-Glaa street, Aga city , Egypt.**

**Tel: +02 050-6456294**

**Mobile: 01010081867**

**Email: ashrafseda358@yahoo.com**

### **WORK:**

**Urology and Nephrology Center  
Mansoura University, Mansoura, Egypt**

**Tel: +02 050-2202224 / +02 050-2262225**

**Fax: +02 050-2203717**
