

CURRICULUM VITA

=====

NAME : AHMED FAROUK HASSAN DONIA

DATE OF BIRTH : April 25, 1967

PLACE OF BIRTH : Dokki – Giza - Egypt

NATIONALITY : Egyptian

SOCIAL STATUS : Married and has three children.

RESIDENCY : 234 EL-Geish Street, Mansoura, Egypt

PHONE : +20-50-2230951

E-MAIL ADDRESS : afdonia@hotmail.com

CURRENTPOST : Assistant consultant of nephrology
Urology and nephrology center
Mansoura University
Mansoura, Egypt
Phone: +2050-2262222/+20103074432
Fax: +2050-2263717

CERTIFICATES

- M.B., B.Ch. (Egyptian bachelor of medicine) 1989 (very good with honor)
- M.Sc. (Egyptian Master in internal medicine) 1995 (very good)
- Fellowship of the Egyptian Society of Nephrology (branch of the Arab board) (master degree-equivalent) 1999
- M.D. (Egyptian Medical Doctorate in internal medicine) 2001
- MRCP UK (Membership of the Royal College of Physicians of the United Kingdom) 2007
- IELTS English language examination 2012 (band score: 7.5)
- UK GMC (General Medical Council) registration 2012 (number 7279686)
- UK GMC revalidation with licence to practice till 1/8/2020

EXPERIENCES

1. Rotating internship, Mansoura University Hospitals (12 months)
2. Resident in the department of nephrology, Mansoura Urology and Nephrology Center, Egypt, from September 1991 to September 1996
3. Specialist nephrologist in the department of nephrology, Urology and Nephrology Center, Mansoura University from 1996 to 2001
4. Fellow of internal medicine and nephrology in the department of nephrology, Urology and Nephrology Center, Mansoura University from 2001-2008

5. Assistant consultant of internal medicine and nephrology in the department of nephrology, Urology and Nephrology Center, Mansoura University from 2008-present
6. Lecturer of internal medicine, Beni Swaif University, Egypt (during 2006-2007)
7. Specialist of nephrology, Hamad Medical Corporation, Qatar (JCI accredited) (2008-2010)
8. Locum consultant of nephrology, Hamad Medical Corporation, Qatar (July 2011 ,2012, 2013)
9. Appointed for a faculty rank and title of assistant professor of clinical medicine at Weill-Cornell Medical College in Qatar (October 2010)
10. Visiting consultant of nephrology at Al-Thawra university hospital, Sanaa, Yemen for 6 months (July-December 2002) for supervision of the starting transplantation program and general nephrology services
11. Specialist Registrar of nephrology, Sussex Kidney Unit, Brighton and Sussex University Hospitals, UK (April 7th to July 31st, 2015)

TEACHING ACTIVITIES

1. Undergraduate teaching, Beni Swaif Faculty of medicine, Egypt. This included lectures, group discussion and clinical rounds (2006-2007).
2. Postgraduate teaching, Mansoura Urology and Nephrology Center, Mansoura University, Egypt. Post-graduate teaching included house officers, residents

as well as candidates for the Egyptian fellowship of nephrology (1996-present).

3. Many talks and lectures in the training courses and CME sessions organized by the Urology and Nephrology Center, Mansoura University, Egypt and by the Egyptian society of nephrology (1996-present).
4. Tutor, MRCP training courses, the Egyptian medical syndicate. This included lectures and interactive sessions for MRCP part 1 as well as clinical rounds for MRCP part 3 (PACES) (2007-present)
5. Postgraduate teaching, Hamad Medical hospital. I was one of the tutors for candidates of the Arab Board clinical examination (2008-2010).

TRAINING COURSES

1. Training Course for one month in the department of nephrology, Lyon Sud hospital, France during June 1997
2. Training course for 3 months (May 15th-August15th 2000) in the paediatric nephrology department, Nottingham City hospital, England
3. INTERCATT project (grant) on transplant coordination for 6 weeks (October 15th-November 29th) including one week of advanced international coordination training course
4. Training course for 3 months (October1st –December 31st 2005 on echocardiography, Cairo University, ultrasound unit.

CURRENT POSITION

Assistant consultant of internal medicine and nephrology, Department of Nephrology,
Mansoura Urology and Nephrology Center, University of Mansoura, Mansoura, Egypt.

SCIENTIFIC ACTIVITY

- **THESIS**

- M.Sc. thesis: Minimal change glomerulonephritis, study of the clinico-pathologic presentation and the long-term evolution.
- M.D. thesis: Pulse cyclophosphamide versus levamisole in treatment of steroid dependent primary nephrotic syndrome, a prospective random therapeutic trial.

- **PUBLICATIONS**

• **PRESENTATIONS**

- 1- Lupus Nephritis: Clinicopathologic correlation and prognostic indicators. Presented in Joint Meeting of IV African Congress of Nephrology and IV Arab Congress of Nephrology and Renal Transplantation, Tunis, Tunisia; April, 1995.
- 2- Minimal Change Glomerulonephritis: Study of clinicopathologic presentation and long term evolution. Presented in 16th Annual Congress of the Egyptian Society of Nephrology, Cairo, 1997

- 3- The 17th Annual Congress of the Egyptian Society of Nephrology, Luxor, 1998:
- Demography of 1000 kidney transplantation patients- donor characterization.
 - 1000 consecutive living renal transplantation: Results and risk factors.
- 4- XXXVI Congress of the European Renal Association-European Dialysis and Transplant Association, Madrid, Spain, September 5-8,1999:
- Blood pressure changes and its impact on outcome after living donor renal transplantation. M.A. Bakr, T. El-Diasty, **A. Donia**, A. Akl, E. Wafa and M.A. Ghoneim.
 - Predictive index for graft survival: 1000 cases experience in living donor kidney transplantation. M. A. Ghoneim, M.A. Bakr, M. El-Mekrish, M. A. Foda, **A. Donia** and A. Akl.
- 5- XXXIX Congress of the European Renal Association-European Dialysis and Transplant Association, Copenhagen, Denmark, July 14-17,2002: Levamisole: Adjunctive therapy in steroid dependent minimal change nephrotic children.
- 6- 1st Saudi congress of nephrology and transplantation, Jeddah, February 2006: Long-term efficacy of two unconventional therapy in steroid dependent nephritic children
- 7- 13th congress of the European Society for Organ Transplantation (ESOT), Prague, Czech Republic, 28 September- 3 October 2007: Non-enhanced spiral computed tomography in comparison with plain radiography and ultrasonography in initial radiological screening of potential kidney donors.

- 8- XLVIII Congress of the European Renal Association-European Dialysis and Transplant Association, Prague, Czech Republic, June 23-26,2011: Cinacalcet lowers PTH level and calcium-phosphorus while increases hemoglobin in dialysis patients
- 9- **Ahmed Donia**, Ahmed Denewar. Characterization of patients with previous kidney transplantation on hemodialysis. The 50th congress of the European Renal Association-European Dialysis and Transplantation Association (ERA-EDTA), Istanbul, Turkey, May 18-21, 2013
- 10- Yasser E Matter, Ayman M Nagib, Essam L Omar, Ahmed M Mahmoud, **Ahmed F Donia**, Ahmed I Akl, Mohamed H Abbas, Ahmed A Shokeir. Donor-recipient relationship and its impact on graft survival: A retrospective study. The world congress of nephrology, Cape Town, March 13-17, 2015
- 11- Study of the risk factors of acute rejection after live donor renal transplantation: a single egyptian center experience with 2227 patients. A Nagib, AS Elsaied, **A donia**, A Elokely, M Elsaied, Ahmed Neamattalla, Ahmed Shokeir. Transplant international 28, 441-441

• **LECTURES**

- 1- Preparation and management of live related kidney transplant recipient and donor. Lyon Sud hospital, Lyon, France.
- 2- Paediatric transplantation: Mansoura urology and nephrology center experience.

Nottingham City hospital, Nottingham, England.

- 3- Pulse cyclophosphamide versus levamisole in treatment of steroid dependent primary nephrotic syndrome, a prospective random therapeutic trial. Nottingham City hospital, Nottingham, England.
- 4- Many talks and lectures in the national training courses organized by the urology and nephrology center, the Egyptian society of nephrology and Mansoura University pediatric nephrology department
- 5- Instructor: The official MRCP training course conducted by the Egyptian medical syndicate (October 2007)
- 6- Study of depression and quality of life among hemodialysis patients: An Egyptian experience. Kidney unit, Brighton and Sussex University hospitals, May 19th 2015
- 7- Presentation of "STAR" trial for renovascular hypertension. Kidney unit, Brighton and Sussex University hospitals, July 1st 2015

- **CONGRESS ATTENDED**

1. The Annual Congress of Egyptian Society of Nephrology 1992 - current.
2. Sheffield – Cairo Nephrology Annual Congress.
3. The Joint Meeting of IV African Congress of Nephrology and IV Arab Congress of Nephrology and Renal Transplantation, Tunis, Tunisia, April, 1995.
4. The international fibrosis workshop, Luxor, Egypt, 1996

5. The Fifth International Congress of the Middle East Society for Organ Transplantation (MESOT), Limassol, Cyprus, October, 1996.
6. The Twenty-Ninth International Conference in Transplantation and Clinical Immunology (CITIC), Lyon, France, June, 1997.
7. The First International Course On Critical Care Nephrology, Vicenza, Italy, May, 1998
8. Redefining expectations in transplantation: Management of cardiovascular risk, Geneva, Switzerland, March, 2000.
9. The Thirty-Second International Conference in Transplantation and Clinical Immunology (CITIC), Lyon, France, May 2000.
10. The First Annual Intensive Course Of Nephropathology, Mansoura faculty of medicine, department of pathology, February, 13-15 2002
11. European Dialysis and Transplantation Association (EDTA), July, 2004
12. European Society of Organ Transplantation (ESOT), Geneva, Switzerland, October, 2005
13. The First Saudi congress of nephrology and transplantation, Jeddah, Saudi Arabia, February 2006
14. The First International Renal Pathology Conference, La Coruña, Spain, June 2010
15. European Dialysis and Transplantation Association (EDTA), Czech republic, 2011
16. European Dialysis and Transplantation Association (EDTA), France, 2012

17. European Dialysis and Transplantation Association (EDTA), Turkey, 2013

- **PRIZES**

1. The best poster in V Annual Congress of the Egyptian Society of Pediatric Nephrology & Transplantation (ESPNT), April 15-16,2004
2. Winner of Fakhry prize for internal medicine (one of the national Academy for Scientific Research official prizes) 2006

- **MEMBERSHIP**

- 1- Member of the Royal College of Physicians (London, UK)
- 2- Member of the Egyptian Society of Nephrology
- 3- Member of the African Association of Nephrology (AFRAN)
- 4- Member of the Arab Society of Nephrology

- **SUPERVISION OF THESIS**

- 1- Long-term efficacy of two unconventional adjunctive therapies in minimal change nephrotic children: A thesis submitted for partial fulfillment of master degree in internal medicine by a resident of nephrology, urology and nephrology center, Mansoura University, Egypt
- 2- Acute vascular rejection after kidney transplantation: Study of risk factors,

therapeutic modalities and outcome: A thesis submitted for partial fulfillment of Medical Doctorate (PH.D.) degree in internal medicine by a specialist of nephrology, urology and nephrology center, Mansoura University, Egypt (in progress)

- 3- Study of late allograft dysfunction among kidney transplant recipients: A thesis submitted for partial fulfillment of master degree in internal medicine by a resident of nephrology, urology and nephrology center, Mansoura University, Egypt (in progress)

- **BOOKLETS**

- Nephrotic syndrome in children: A booklet directed to sick children and their family (in Arabic).
- What do you know about kidney transplantation?: A booklet directed to patients with severe renal impairment (in Arabic).

REFEREES

FROM EGYPT

Mansoura University, Urology and Nephrology Center

Prof. Dr. MOHAMED A. GHONEIM

Professor of urology and Ex-Director of
Urology and Nephrology Center
Mansoura University, Mansoura, Egypt.

Prof. Dr. MOHAMED A. SOBH

Professor of Internal Medicine
Ex-Head of Nephrology Department
Urology and Nephrology Center,
Mansoura University, Mansoura, Egypt

Prof. Dr. AHMED SHOKEIR

Professor of urology and Director of the
Urology and Nephrology Center,
Mansoura University, Mansoura, Egypt.

Prof. Dr. ADEL BAKR

Professor of Internal Medicine
Head of Nephrology Department
Urology and Nephrology Center,
Mansoura University, Mansoura, Egypt.

Prof. Dr. RASHAD BARSOUM, MD, FRCP, FRCPE

Professor of internal medicine and nephrology
Cairo University, Egypt

FROM ENGLAND

Prof. ABDELMEGUID ELNAHAS, FRCP, PhD

Professor of nephrology, Sheffield kidney institute (UK)
Head of global kidney academy

Dr. ALAN WATSON

Consultant Paediatric Nephrologist
Special Senior Lecturer and
Head of paediatric nephrology department
Nottingham City Hospital,
Nottingham, England.

FROM FRANCE

Prof. Dr. CLAIRE POUTEIL-NOBLE
Professor of Nephrology
Lyon Sud Hospital
Lyon, France.
