

Curriculum vitae

1. Personal data:

Name: Bassem Salah Saleh Wadie

Birth date: 24/6/1967

Nationality: Egyptian.

Residences: 18 Agamy St. from Abdelsalam Aref, Mansoura,
EGYPT.

Current post: **Professor** of urology, Urology department,
Mansoura University, Mansoura Urology &
Nephrology Center, Mansoura; Egypt, as of
August, 25th, 2011.

Deputy Director of UNC, as of July, 19, 2016

Director of UNC, as of December 13, 2017 to date

Correspondence: Urology & Nephrology Canter, Mansoura; Egypt.

Tel.: 20-50-2262222 Home: 20-50-2214817

Fax: 20-50-2263717

E-mail: bassem_wadie@ mans.edu.eg

bwadie@ aol.com

2-Academic data:

Basic education: 1971-1978: The Divine Providence primary school, Mansoura, Egypt
1978-1981: El-Malek El-Saleh preparatory School, Mansoura, Egypt
1981-1984: El-Malek El-Kamel high school, Mansoura, Egypt

Degrees:

- 1- M.B., B.Ch., November 1990, signed up very good, Mansoura faculty of medicine, Mansoura University, Mansoura, EGYPT.
- 2- M.Sc. (Urol.), May 1996, signed up very good, from the urology dept., Mansoura urology & Nephrology center.
- 3- M.D., July, 2001. A thesis, titled “Objective evaluation of patients with prostatic symptoms, a prospective study” was submitted for the fulfillment of the degree.

Training:

1- **Rotating internship** in Mansoura University Hospital for one year; from March 1991 to March 1992.

2- **Residency** in urology, at Urology & Nephrology Center, Mansoura, Egypt, from May 1992 to May 1996.

3- **Post graduate fellowship**, Urology dept., St. Radboud Hospital, Nijmegen University hospital, Nijmegen, the Netherlands: October-December, 1996.

Main goal of this fellowship was training on advanced urodynamic equipment and techniques, including home-made equipment, dedicated urodynamic software and applications of urodynamics in different functional

disorders. I Nijmegen, I worked with Dr. Jean de La Rosette and Dr. Peter Rosier. (Appendix 1)

4- **Post graduate fellowship**, Urology department, Health Sciences Center, University Of Virginia, Charlottesville, VA, USA: From July to September 1998. Studying the techniques of pediatric urodynamics and involved in surgical techniques for correction of female stress urinary incontinence. Worked with Professor Stuart S. Howards, Dr. Mikel Gray and Professor William D. Steers (Appendix 2)

5- In-service **EBU** examination, 1999 and 2000, held in Urology & Nephrology Center, Mansoura, EGYPT.

6- "Modern administration of medical organizations", training course held in Faculty of Commerce, Mansoura University, 3-7 May, 2004.

Clinical experience:

1-Head of the **Voiding dysfunction and female urology** in Urology and Nephrology center, Mansoura University. Has extended experience with successive generations of urodynamic equipment such as Dantec, MMS system and Laborie systems

2- Has extensive experience in incontinence surgery: starting by needle suspension and mastering all techniques of surgery for incontinence and POP. Conducted many prospective randomized trials in the field of female stress incontinence (e.g autologous and synthetic slings started in 2001 and another protocol for mid urethral slings in 2007). He accumulated wide experience in urethral and ureteric silicone injection both in males and females.

3-Has expertise in reconstructive surgery for female urethral anomalies as well as post traumatic urethral stricture in men. Has special expertise in male post-prostatectomy incontinence and ***developed a new bulbourethral sling***

technique for post-prostatectomy incontinence (Patent application to USPTO)

4- Worked as a consultant in urology, Urology dept., Hamad Medical Corporation, Doha, Qatar, between January, 30th and March 14th, 2007. Moderated and organized 1st female urology training course in ***Hamad Medical center in March 9th, 2007***

5- **Visiting professor, guest speaker and surgeon**, Medical school, University of Kigali, ***Kigali, Rwanda***: 25th -30th October, 2011.

6- **Guest speaker and demonstrator**, the 35th annual meeting of the Indonesian Urological Association meeting, Jakarta, Indonesia, 19-23 October, 2012.

7- **Faculty in the 1st global congress on LUTD, Brussels, Belgium, June, 1-13, 2014**

8- **Guest speaker and visiting professor and surgeon**, 2nd International Royal Hospital Conference, 11-13 April 2019, ***Muscat, Oman***.

9- Guest speaker, the 44th Indonesian Urological association meeting, 2021

10- Guest speaker, 2nd Oman Urological meeting, 2021

Research experience:

1- Investigator in Phase I and II trials, submitted to FDA oversight for new clinical tools: Short course thermotherapy device (Urologix®, Targis) and Rotoresection™ device for prostate ablation (Karl Storz® USA), between 1999 and 2004.

2- Principal investigator, SUNRISE multi-center European study on Solifnacin, between May, 2004 and August 2005.

- 3- Member** of data and Safety monitoring board of UITN. A research network formed by the National Institute of Diabetes, Digestive and Kidney Diseases (**NIDDK**)/National Institutes of Health (**NIH**). Started his work with the board in 2004.
- 4- Reviewer for grant applications** for Lower Urinary Tract dysfunction network, **NIDK/NIH, March 2013.**

Lectures and abstracts presented:

- 1- Master thesis titled “Recent trends in management of stress urinary incontinence in adult females”. Presented in March, 1996.
- 2- Doctoral thesis, titled “Objective evaluation of men with LUTS, a prospective study”. Presented in February, 2001
- 3-“Urodynamic evaluation in Stamey’s bladder neck suspension: diagnosis and follow up”, presented to the 31st annual meeting of the Egyptian Urological association, Cairo, October, 1996.
- 4-“Urodynamic evaluation of voiding function in females with lower urinary tract symptoms”, presented in the 32nd annual meeting of the Egyptian Urological Association, Alexandria, October, 1997.
- 5-“I-PSS symptom score has no value in quantification of BOO”, presented in the 33rd meeting, Egyptian Urological Association, Cairo, 1998.
- 6-“Urodynamic characteristics of Bilharzial bladder with LUTS”, presented in the 34th meeting, Egyptian Urological Association, Aswan, 1999.
- 7-“Bladder characteristics in adults with monosymptomatic nocturnal enuresis”, presented in the 34th meeting, Egyptian Urological Association, Aswan, 1999.
- 8-“High energy Transurethral Microwave Thermotherapy: Clinical, urodynamic, Radiologic and Endoscopic evaluation: a preliminary report”, presented in the 34th meeting, Egyptian Urological Association, Aswan, 1999.
- 9- “The relationship between I-PSS and the objective parameters in the diagnosis of BOO: Part I: When statistics fail”. Presented in the 35th meeting, Egyptian Urological Association, Cairo, 2000.
- 10- “The relationship between I-PSS and the objective parameters in the diagnosis of BOO Part II: The potential usefulness of Artificial Neural Network”. Presented in the 35th meeting, Egyptian Urological Association, Cairo, 2000.
- 11-“The relation between I-PSS and the objective parameters in the diagnosis of BOO: statistical analysis and application of ANN”. Presented in the British Association of Urological surgeons (BAUS), 25-29 June, 2001, Dublin, IRELAND.
- 12-“The relation between I-PSS and the objective parameters in the diagnosis of BOO: statistical analysis and application of ANN”, Presented in the 4th Pan Arab urology congress, 17–20 July, 2001, Amman, JORDAN.

13- "The relation between detrusor instability and symptoms and objective parameters used for diagnosis of bladder outlet obstruction (BOO), a prospective study". Presented in the 36th meeting, Egyptian Urological Association, Sharm El Sheik, 2001.

14- "The rectus fascia sling, the gold standard in sphincter weakness incontinence", Presented in the 36th meeting, Egyptian Urological Association, Sharm El Sheik, October, 2001.

15- "Different applications of solid –state silicone in lower urinary tract dysfunction", Presented in the 36th meeting, Egyptian Urological Association, Sharm ElSheik, October, 2001.

16- "Urological problems with hydrocephalus" *Guest speaker*, The Egyptian Society of Neurological surgeons meeting, Mansoura, November, 1st, 2001.

17- Rotoresection: Short Term Results of a new Modality in The Treatment of BPH., presented in the 26th congress of the SIU, Stockholm, SWEDEN, September 8-12, 2002

18- "The discriminative ability of free PSA and % free PSA in the detection of prostate cancer", Presented in the 37th meeting, Egyptian Urological Association, Luxor, October, 2002.

19- "The use of ureteric solid-state silicone for the treatment of reflux in renal failure patients, a prospective study", Presented in the 37th meeting, Egyptian Urological Association, Luxor, October, 2002

20- "A prospective randomized study comparing Tamsulosin, Doxazosin and placebo in patients with BPH". Presented in the 37th meeting, Egyptian Urological Association, Luxor, October, 2002.

21- "The application of artificial neural network (ANN) in the detection of BOO. A model based on objective parameters". Presented in the 37th meeting, Egyptian Urological Association, Luxor, October, 2002.

22- "Long-term results of high energy transurethral microwave thermotherapy: clinical, urodynamic, radiologic and endoscopic assessment" Osman, Y.; Wadie, B.; Ghoneim, M. 26th meeting of SIU, Stockholm, 8-12 September, 2003. (BJU Int. 90 (Supplement 2):77, September 2002.)

23- "Cystometry, VLPP & Videourodynamics". *Teaching course* in symposium of urinary incontinence. Egyptian Urological Association, Ain Shams University, August, 1st, 2002, Cairo.

24- "The use of symptom scores in BPH and diagnosis of obstruction". *Teaching course*, the 37th meeting of the Egyptian Urological Association, October, 2002, Luxor.

25- "The use of acellular matrix in the correction of SUI combined with high grade cystocele" Video presented in the 2nd international congress of the Egyptian Society of uro-gynecology & Pelvic Floor Studies, 27-28 February, 2003, Cairo.

26- The application of Artificial Neural Network (ANN) in the detection of BOO. A model based on objective parameters. International Bladder Foundation, Arlington, VA, March 6-9, 2003

27- High energy Transurethral thermotherapy: symptomatic VS. urodynamic success. Presented in the 98th Annual meeting of AUA, Chicago, USA, April 26th –May 2nd, 2003.

29- The use of acellular matrix graft in the correction of SUI combined with high-grade cystocele. Video. Presented in 15th video urology world congress, Busan, Korea, 11-14 June, 2003.

30- The use of acellular matrix graft in the correction of SUI combined with high-grade cystocele. Video. Presented in the 33rd ICS meeting, Florence, Italy, 5-9 October, 2003.

- 31- Primary nocturnal enuresis persistent to adulthood, functional evaluation. Abstract. Presented in the 33rd ICS meeting, Florence, Italy, 5-9 October, 2003.
- 32- Objective evaluation of prostate symptoms, a prospective evaluation. Presented in the 38th Annual meeting of the Egyptian Urological Association, Cairo, October, 2003.
- 33- Clinical evaluation of myelodysplasia in children. 8th meeting of voiding dysfunction and urodynamic section, Egyptian Urological Association, Ain Shams University Hospital, May 27th, 2004
- 34- Genitourinary reconstruction of urogenital sinus variant. Poster presented in the 3rd International Consultation on Incontinence (ICI), 26-29 June, Monaco, 2004.
- 35- Bladder characteristics in adults with monosymptomatic nocturnal enuresis. Poster presented in the 3rd International Consultation on Incontinence (ICI), 26-29 June, Monaco, 2004.
- 36- Bulbourethral sling for post-prostatectomy incontinence. Mansoura Technique. Video, presented in the 34th ICS meeting, 23-27 October, Paris, 2004.
- 37- 24-month follow up after Rotoresection: a prospective study. Abstract. 34th ICS meeting, 23-27 October, Paris, 2004.
- 38- The relationship between I-PSS and the objective parameters in the diagnosis of BOO: statistical analysis and application of ANN. Abstract, 34th ICS meeting, 23-27 October, Paris, 2004.
- 39- Autologous fascial sling versus polypropylene tape at short term follow up, a prospective randomized study. Abstract, 35th ICS meeting, 28 August-2 September, Montreal, 2005
- 40- Repair of vesico-vaginal fistula, single center experience over 23 years. Abstract, 35th ICS meeting, 28 August-2 September Montreal, 2005
- 41- Autologous sling versus polypropylene tape, a prospective randomized study. Oral presentation, 2nd panarab continence society meeting, 22-24 December, 2005, Dubai, UAE
- 42- Repair of vesico-vaginal fistula, single center experience over 20 years. Oral presentation, 2nd Pan Arab continence society meeting, 22-24 December, 2005, Dubai, UAE.
- 43- Autologous fascial sling versus polypropylene tape at short term follow up, a prospective randomized study: Wadie BS, Edwan A, Nabeeh A. (Abstract number 636). Proceedings of the 35th Annual International Continence Society (ICS), Montreal, 28 Aug - 2 Sept. 2005.
- 44- A novel technique of bulbourethral sling for postprostatectomy incontinence. Oral presentation, 2nd Pan Arab continence society meeting, 22-24 December, 2005, Dubai, UAE.
- 45- The outcome of urodynamic findings in patients with tethered cord. Moderated poster, European urology meeting, 2006, Paris, France.
(European Urology Supplements, Volume 5, Issue 2, April 2006, Page 261.
A. El-Hefnawy and B. Wadie)
- 46- Objective evaluation of retoresection: a prospective study. Moderated poster, European urology meeting, 2006, Paris, France (European Urology Supplements, Volume 5, Issue 2, April 2006, Page 233 S. Soliman, B. Wadie, A. Shehab El-din, A.A. Ghoneim and E.H. Ibrahim.)
- 47- Urinary tract trauma: Lecture presented during meeting of Mansoura International specialized hospital titled "management of polytraumatized patients". Mansoura, Egypt, August 19-20, 2006

- 48- Solifenacin significantly reduces both urgency severity and bother: results from the flexible dose, placebo controlled, multinational SUNRISE study. Abstract, 36th ICS meeting, 27 November-1 December, Christchurch, 2006.
- 49- Reconstruction of female urethra, experience with a complex pathology. 3rd Pan Arab continence society meeting, 2-4 November, 2006, Manama, Bahrain.
- 50- Does urethral pressure measurement correlate to the outcome of incontinence surgery? 3rd Pan Arab continence society meeting, 2-4 November, 2006, Manama, Bahrain.
- 51- Effect of de-tethering on bladder function in children with myelomeningocele. 3rd Pan Arab continence society meeting, 2-4 November, 2006, Manama, Bahrain.
- 52- Workshop on “UTI in children” organized by the childhood care and development center, Mansoura university, November, 29th, 2006.
- 53- Dorsal dartos flap in Snodgrass hypospadias repair: how to use it. SIU Centennial meeting, 2007, Paris, France. (Urology, Volume 70, Issue 3, Supplement 1, September 2007, Page 48: M. Mustafa, B.S. Wadie and H.A. Abol-Enein.)
- 54- Rotoresection versus transurethral resection of the prostate: 2-years evaluation of a prospective randomized study. SIU Centennial meeting, Paris, France. (Urology, Volume 70, Issue 3, Supplement 1, September 2007, Page 157: S.A. Soliman, B.S. Wadie, E.H. Ibrahim and A. Shehab El-Dein)
- 55- Guest speaker, Hamad Medical corporation, Doha, Qatar. Lecture titled: Bladder dysfunction in children with myelodysplasia. February, 21st, 2007.
- 56- Standard Snodgrass technique in conjunction with double layers covering of neourethra by dorsal Dartos flap represents the first choice of therapy for hypospadias. Journal of Urology, 179, (4) A 789. AUA meeting, Orlando, USA, 2008.
- 57- Antenatal versus postnatal diagnosis of posterior urethral valve, does it affect bladder function? Journal of Urology, 181 (4) A 477 (podium) AUA annual meeting, April25-30, Chicago, USA, 2009
- 58- Long term impact of midurethral slings of sexual function. Journal of Urology, 181 (4) A 1034, AUA annual meeting, April 25-30, Chicago, USA, 2009.
- 59- Retropubic bulbourethral sling in children with post-exstrophy incontinence: preliminary report. Urology, 76, 3A, S4. Oral presentation in SIU world meeting, Marrakech, October 13-16, 2010.
- 60- Genitourinary reconstruction of uro-genital sinus variant. Urology, 76, 3A, S49. Video presentation, SIU world meeting, Marrakech, October 13-16, 2010.
- 61- One- stage reconstruction of the urethra and bladder neck, following severe obstetric trauma. Urology, 76, 3A, S49, Video presentation, SIU world meeting, Marrakech, October 13-16, 2010.
- 62- Bladder function in anuric/oliguric patients prior and after Transplantation. Abstract 69, Poster, AUA annual meeting, Atlanta, GA, 19-23 May, 2012.
- 63- State of the art lecture “MUS, where we stand” The 48th Egyptian Urological Association meeting, Sharm ElSheikh, 112-16 December, 2013
- 64- Keynote speaker: “Being annoyed by post-micturition dribbling”, Global congress of LUTD, Brussels, Belgium, 11-13 June, 2014.

65- #329 Combined MUS and anterior colporrhaphy vs. MUS alone in the treatment of SUI, randomized controlled trial Bassem S Wadie, Diaa Taha , Ahmed ElHefnawy , Mohamed Gaballah.46th ICS, 2016, Tokyo, Japan, September, 13-16

66- #101 Urinary incontinence after anastmotic urethroplasty in adult males and potential treatment Bassem S Wadie, Ahmed Abed, Yasser Othman, Ahmed B Shehab ElDein, 4th ICS, 2016, Tokyo, Japan, September, 13-16

67- #607: The use of bulbourethral sling in men with post-traumatic incontinence, single center experience Bassem S Wadie ,and Islam Fakhr, 47th ICS 2017, Florence, Italy

68- #20216: The efficacy of BT/ PFMT in elderly women with any urinary incontinence refraining from surgery, prospective study and #20179: The use of autologous skeletal muscle derived cells in the treatment of induced stress urinary incontinence, an experimental study. 48th ICS 2018, Philadelphia, USA, August 27th to 31st

69- Semi- live Heidelberg, March 2022, Online presentation

Academic activities:

I- Supervising master and doctoral theses:

1- Master thesis of Dr. Shady A. Soliman, titled: Objective evaluation of Rotoresction, a prospective study. 2004

2- Master thesis of Dr. Ayman Edwan, titled: Objective evaluation of two types of slings for the management of stress incontinence in women. 2004

3- Master thesis of Eng. Shimaa El Embaby, titled: the application of ANN in the diagnosis of BOO. 2005

4- Doctoral thesis of Dr. Anas Gamal, titled: Tension free vaginal tape versus pubovaginal sling for treatment of female stress incontinence: a prospective randomized study. 2005

5- Master thesis of Dr. Amre Abdelrazek, titled: Management of postprostatectomy incontinence. Analysis of conservative therapy, urethral injection bulbourethral sling. 2007.

6- Master thesis of Dr. Ahmed Mansour, titled: Mid urethral slings, long term analysis and quality of life assessment. 2009

7- Master thesis of Dr. Ahmed Abed, titled: Management of upper ureter stones. 2010

- 8- Doctoral thesis of Dr. Ahmed El Hefnawy, titled Prospective randomized study comparing TVT and TOT for SUI
- 9- Master thesis of Dr. Essam Abdelhakim, titled: effect of management of obstructing lower urinary tract symptoms caused by benign prostatic hyperplasia on erectile function.
- 10- Master thesis of Dr. Ahmed Fouad, titled: Persistent nocturnal enuresis in adulthood.
- 11- Master thesis of Dr Yasser Eldemerdash, titled: Flexible ureteroscopy: technical aspects, current indications, outcome and limitations.
- 12- Doctoral thesis of Dr. Eman Balegh Meawad, titled: Impact of behavioral intervention on quality of life for elderly women with urinary incontinence.
- 13- Doctoral thesis of Dr Ahmed A. Selim, titled: Impact of anastmotic urethroplasty on continence in males evaluation of potency.
- 14- Doctoral thesis of Diao Eldin Taha, titled: MUS vs. MUS and POP repair for low grade anterior POP, a prospective study.
- 15- Master thesis of Mohamed El Khamesy titled: long term evaluation of Midurethral slings.
- 16- Master thesis of Ali El menair, titled Buccal mucosa graft versus penile skin flap urethroplasty for long segment anterior urethral strictures: Randomized controlled study
- 17- Master thesis of Ahmed Lashin, titled “Percutaneous posterior tibial nerve stimulation versus sham in the treatment of refractory overactive bladder”
- 18- Master thesis of Ahmed Abdelrasheed, titled “Prediction of success of Midurethral slings, a statistical model”

19- Master thesis of Nouran Tarek Abdelhamid, titled “Plasma fibrinogen and D dimer levels in prostate cancer in Egyptian patients”

20- Master thesis of Yasmin Ayman Youssef, titled “MicroRNA - 375 level as non-invasive biomarker for diagnosis of patients with prostate cancer in Egypt”

21- Doctoral thesis of Mostafa Salah titled “Long term efficacy of standard anterior colporrhaphy in the correction of pelvic organ prolapse concomitant with stress incontinence.

II Training courses :

1- **Established urology teaching course for nursing school**, Mansoura Faculty of medicine in 2002.

2- **Editor of the website** of Urology and Nephrology Center, Mansoura University, Mansoura, EGYPT, between 2003-2013

3- **Member of the scientific committee** of the 1st, 2nd and 3rd pan-Arab continence congress.

4- **Course director** of workshop titled: female urinary incontinence, Hamad Medical Corporation, 9th March, 2007.

5- **Course director**: 1st training course of Stress urinary incontinence: Evaluation and management, Urology and Nephrology Center, Mansoura, EGYPT. 4-6 March 2008.

6- **Course director**: 2nd training course of Stress urinary incontinence: Evaluation and management, Urology and Nephrology Center, Mansoura, EGYPT. 9-12 March 2010.

7- **Course director**: 1st training course for African nurses in collaboration with the Egyptian ministry of Foreign affairs, 4-8 December, 2022.

Conferences: Contributed to more than **62** national and international urological meetings.

Books: **Objective evaluation of LUTS secondary to BPH. ,** Lambert Academic Publishing, Germany, publication date 29-4-2014, ISBN-13: 978-3-659-53505-5

Awards and Honors:

1. **Member of International Editorial Committee, *The Journal of Urology***, the official journal of the American Urological Association, from **January 2009 to January 2013**.
2. **First prize essay** from the Egyptian Urological Association, 2000. The award was accredited to the work entitled “The relationship between I-PSS and the objective parameters in the diagnosis of BOO: Part II: The potential usefulness of ANN”, presented in the 35th meeting of the EAU, in Cairo, 2000. (Appendix 3)
3. **Second prize, Best Doctoral thesis** from the Egyptian Urological Association, 2003.
4. His biography is included in the *2007, 2008 and 2009 editions* of "Who's Who in the World" as well as in "*2000 intellectuals of the 21st Century, 2008*"
5. Member of the Editorial board of **Case reports in Anaesthesia**, as of May 2011
6. Member of the Editorial board of **Arab Journal OF Urology**, as of March 2012.
7. **Reviewer for grant applications, NIDDK/ NIH**
8. Laureate of **Mansoura Medical prize in Urology & Nephrology for 2014**, from the **Egyptian Academy of Scientific research and Technology**
9. **Member of the National committee of Organ transplantation of Egypt**, as of **July 21, 2019**
10. **Associate editor, the board of Female Urology (specialty section of Frontiers in Urology)** as of **November, 2021**

Affiliations:

- 1- Active **member** of the Egyptian Urological Association (**EUA**), since 1998.

- 2- International **member** of the American Urological Association (**AUA**), since 1999.
- 3- **Member** of the International Continence Society (**ICS**), since 2002.
- 4- **Member of Société Internationale D'Urologie (SIU), since 2010**
- 5- **Member** of DSMB of urinary incontinence treatment network, **NIDDK/National Institutes of Health (NIH), USA, since May, 2004.**
- 6- **Reviewer** for the **Journal of Urology**; the official journal of the American Urological Association (AUA); since **June 2004.**
- 7- **Reviewer** for McMaster Plus Journals, since 2006
- 8- **Contributor to Faculty of 1000** Medicine website since August 2007.
- 9- **Reviewer for Neurourology & Urodynamics**, Since December, 2007.
- 10- **Reviewer for BJU International**, since June, 2008
- 11- **Reviewer for Journal of Pharmaceutical and Biomedical Analysis**, since April 2009.
- 12- **Reviewer for International uro gynecology**, since May 2009.
- 13- **Reviewer for African Journal of Pediatric surgery**, since January 2010.
- 14- **Reviewer for Urology annals**, since January 2010.
- 15- **Reviewer for International Journal of urology**, since January 2011
- 16- **Reviewer for the Arab Journal of Urology**, since January 2011.
Member of the **Editorial Board of the Arab Journal of Urology**, since July 2012.
- 17- **Reviewer for African Journal of Urology** since 2014
- 18- **Reviewer for Advanced Drug Delivery reviews.**
- 19- **Reviewer for the World Journal of surgical oncology.**
- 20- **Reviewer for PLOS One** since 2016 (manuscripts PONE-D-21-03282, PONE-D-16-40607, PONE-D-18-18075_R1, PONE-D-19-17859, PONE-D-20-40146, PONE-D-21-03282)

To whom it may concern

Dear Sir,

Nijmegen, December 23, 1996
 PW/xxxx 96.808

Dr. Bassam S. Wadie, urologist from Mansoura, Egypt, has visited our department between October 1st, 1996 and January 1st, 1997.

During this period he got acquainted with several aspects of diagnosis and therapy in urology. The main topic of interest has been the urodynamical assessment of male- and female voiding disorders.

Dr. Wadie has even managed to work on a manuscript about this subject, which will be published in a peer reviewed urological journal. During his presence at our department, Dr. Wadie clearly showed his thorough knowledge of the diagnosis and therapy of urological problems. There was always good interaction and more than once he gave a valuable contribution to patient at discussion. All of this was possible because Dr. Wadie speaks and understands the English language fluently.

Moreover, Dr. Wadie was a very pleasant colleague to have around and to work with. It was a very pleasant stay and Dr. Wadie is always welcome back at our department.

With kindest regards,

Dr. J.A. Wijes
 Acting Chairman

014400A

Dear Dr. Bassem Wadie:

Thank you for agreeing to attend the *UITN Data Safety Monitoring Board Meeting*, scheduled for May 17, 2011, at the Marriott Bethesda Suites Hotel in Bethesda, Maryland. Please note the following important logistical information:

- The Scientific Consulting Group, Inc. (SCG), in Gaithersburg, Maryland, will serve as the official contractor for this meeting and will work with you regarding all travel and other logistics. SCG will reimburse you for air/rail transportation (a nonrefundable coach class airline ticket up to \$700.00), ground travel (up to \$150), hotel *per diem* (\$233/day plus taxes for a maximum of 2 nights), and meals at *per diem* (\$64/day for 2.5 days less any meals provided). Nonfederal local participants will be reimbursed for mileage, parking, and/or Metro costs.
- **Travel Arrangements: You are responsible for making your own travel arrangements. Please make these travel arrangements as soon as possible.** Federal Travel Regulations state that international travelers being reimbursed by the government must fly on an American carrier or one of their affiliates whenever possible. If an American carrier or one of their affiliates is not available, travelers may book on a carrier of their choice. Please purchase your tickets within the 14-day (or more) advance airfare rate; tickets purchased within 14 days of your travel date may not be reimbursed in full without prior notification and justification for last-minute travel arrangements. Federal regulations only allow for reimbursement of coach class, nonrefundable airfare. Please send your travel itinerary with the cost of your ticket via email to Ms. Michelle Watson at mwatson@scgcorp.com or fax (301) 670-3815.
